

Joint Information Center - JIC Release No. 600
March 12, 2021, 6:15 p.m. (ChST)

Results: Nine of 367 Test Positive for COVID-19;
COVID-19 Vaccination Schedule for UOG, Homebound and Village-based;
One GDOE Employee Tests Positive for COVID-19

Results: Nine New Cases of COVID-19

Nine (9) new cases of COVID-19 were identified out of **367** tests performed on Thursday, March 11. **Four (4)** cases were identified through contact tracing.

To date, there have been a total of **7,767** officially reported cases of COVID-19 with **133** deaths, **31** cases in active isolation, and **7,603** not in active isolation.

TODAY'S CAR SCORE¹ 0.2

¹The COVID Area Risk (CAR) Score accounts for the incidence of new cases, how well current testing identifies these cases, and the rate of spread. The ideal long-term goal is to sustain a CAR Score of 2.5 or less, which has been shown to correlate with very low to zero COVID-related hospitalizations and deaths.

The following tables provide COVID-19 test results reported to the JIC on Friday, March 12, and reflects results from Thursday, March 11:

TOTALS:	33,184	26,956	60,140[^]	26,956

*Administering second doses of Pfizer-BioNTech COVID-19 vaccinations began on January 4, 2021.

**Administering first doses of Moderna COVID-19 vaccinations began on January 8, 2021.

***Administering second doses of Moderna COVID-19 vaccinations began on January 29, 2021.

Total Doses Administered	Total Doses Allotted	% Administered	Doses Remaining
60,140[^]	87,860^{^^}	68.45%	27,720

[^]As of March 11, 2021. Total doses administered and allotted doses differ as vaccinators were able to draw additional doses per vial. Additionally, the [U.S. Food and Drug Administration's February 25, 2021 revision](#) of their Fact Sheet relative to the Pfizer-BioNTech Emergency Use Authorization now states "After dilution, one vial contains 6 doses of 0.3 mL. Vial labels and cartons may state that after dilution, a vial contains 5 doses of 0.3 mL. The information in this [Fact Sheet](#) regarding the number of doses per vial after dilution supersedes the number of doses stated on vial labels and cartons." | ^{^^}Reflects the previous allocation total of 86,560 and last received allocation of 1,300 Johnson & Johnson Janssen vaccines on March 8, 2021.

COVID-19 Vaccination Schedule for March 16 – 20 at UOG Fieldhouse

COVID-19 vaccination clinics resume on Tuesday, March 16 through Saturday, March 20, from 10 a.m. to 4:30 p.m. These clinics will administer first doses of the Pfizer-BioNTech vaccine, and second doses of both the Moderna and Pfizer-BioNTech vaccine. The Johnson & Johnson vaccine is not available at the UOG vaccination clinic at this time. Eligible residents are advised to schedule an appointment online via Eventbrite at the link provided above or click [here](#). Eligibility is subject to change.

If scheduling an appointment is not possible, walk-ins will be accepted at a limited rate of 15 per hour. Walk-ins wishing to avoid longer wait times are discouraged from lining up prior to the 10 a.m. opening and are asked to expect reasonable delays.

Upon arrival, individuals 70 years and older will be sent to the front of the line. Please bring a digital or hard copy appointment confirmation, a photo ID, and proof of Guam residency (Guam Driver's License, Guam ID, Green Card, US or FSM Passport, H1B or H2B visas for skilled workers). Those due for their second dose are reminded to bring their COVID-19 immunization card. This ensures quicker processing and proper documentation.

According to the [U.S. Centers for Disease Control and Prevention \(CDC\)](https://www.cdc.gov), those due for their second dose of the vaccine may get their second dose up to four (4) days early. The CDC further states that if it is not feasible to adhere to the recommended interval and a delay in vaccination is unavoidable, the second dose of Pfizer-BioNTech and Moderna COVID-19 vaccines may be administered up to 6 weeks (42 days) after the first dose.

One GDOE Employee Tests Positive for COVID-19

On Friday, March 12, the Guam Department of Education (GDOE) confirmed one case in which an individual tested positive for COVID-19. The individual has been identified as a face-to-face student attending Harry S. Truman Elementary School. GDOE, in collaboration with DPHSS, has identified and notified the individuals who were in close contact with this individual. This individual will remain in quarantine until cleared by DPHSS to return to school. Areas of the school campus have been cleaned and disinfected. Regular hours of operations will resume on Monday, March 15, 2021.
